

Name: Ayush Goyal

Branch & Year: CSE (AIML)

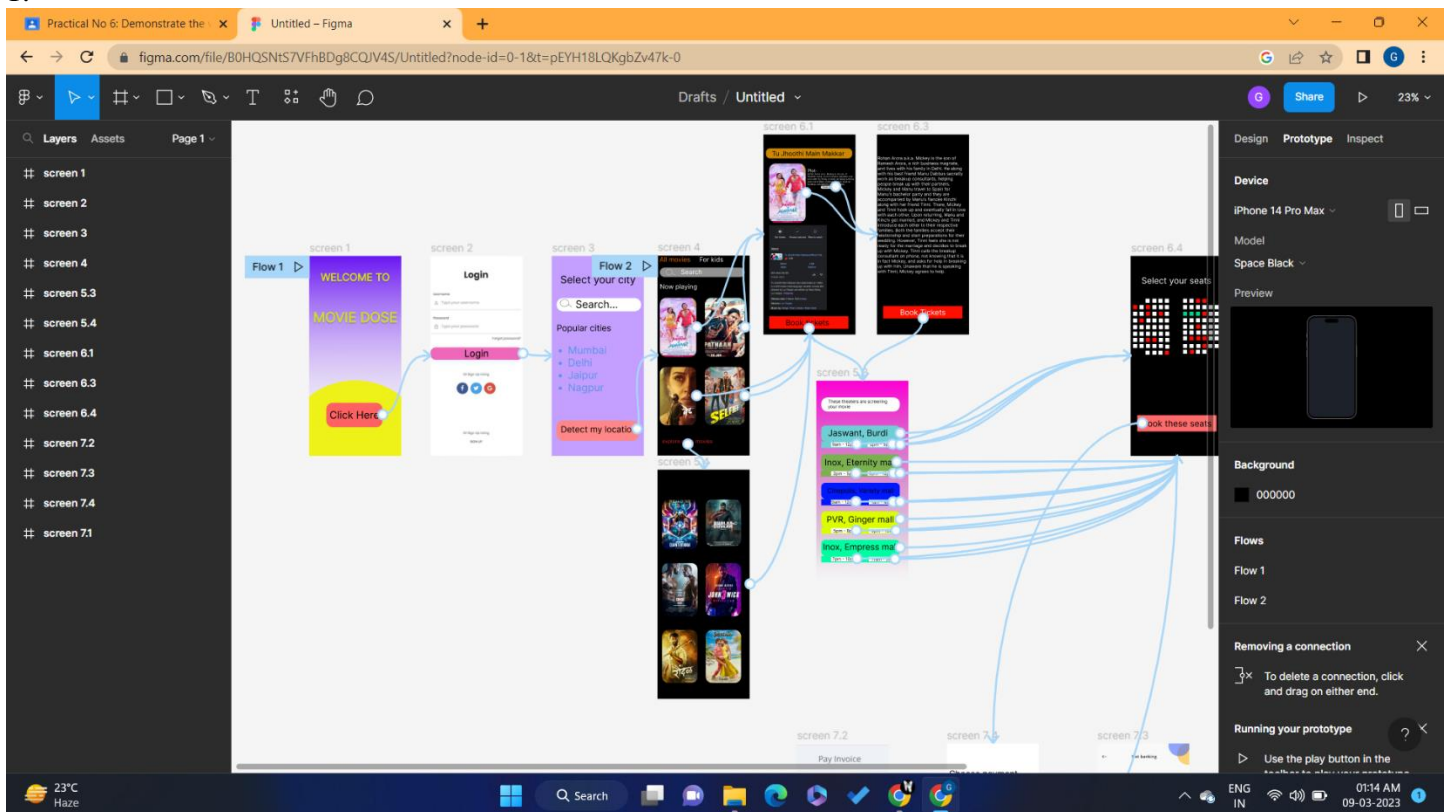

Section: G1- 22

Practical 6

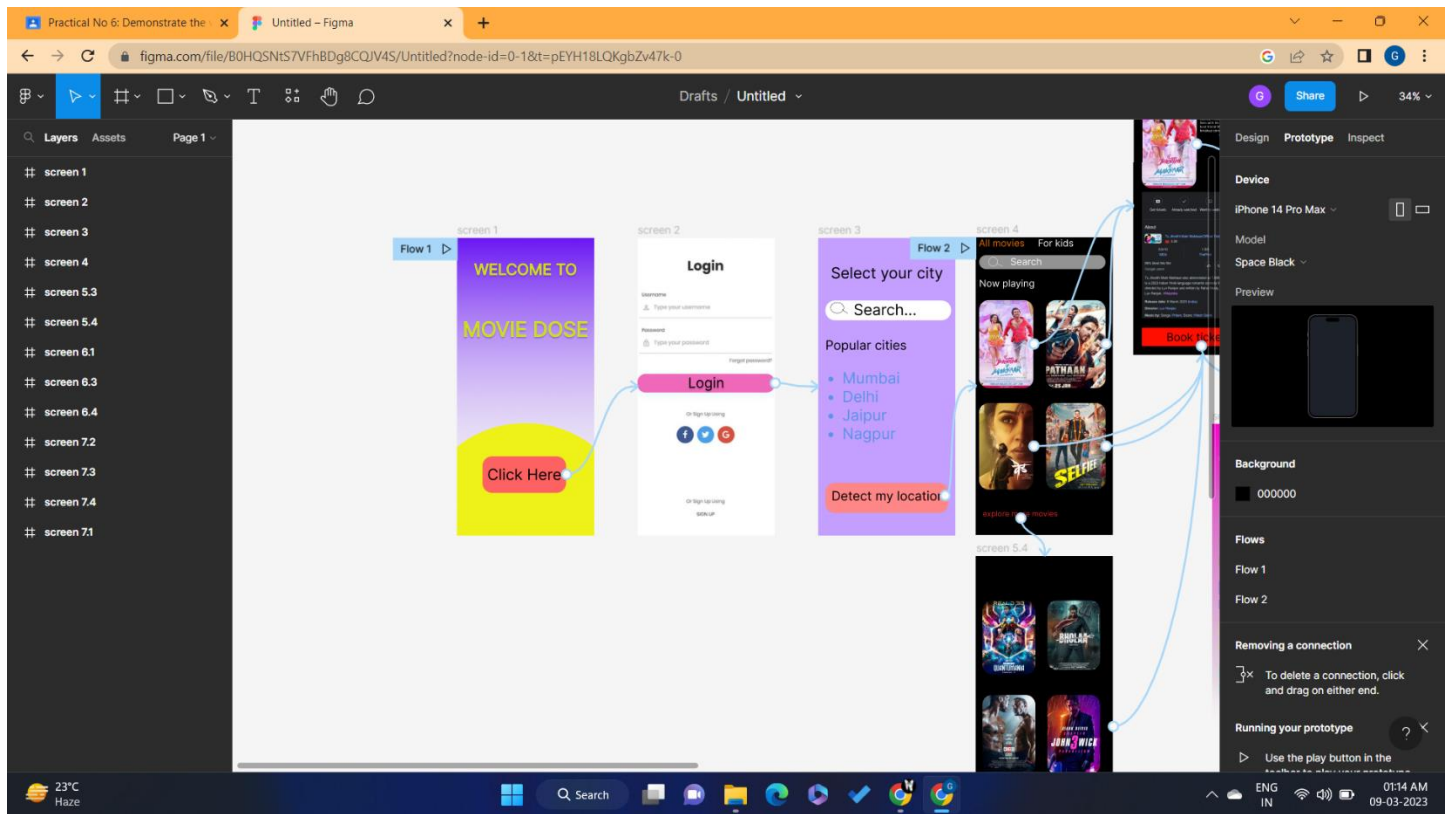

Practical 6: Demonstrate the working of Wireframing using Figma. The wireframe design should contain the following elements: layout, page structure and information architecture. (Consider the case study Online Movie Ticket Booking Mobile App).

Screenshots of wire framing:

[The Link of the Wireframing](#)

Conclusion- In this experiment I learnt about Figma and how to make a basic wireframe of a mobile app.

Thank you 😊
